Subject: Jerseys & Jackets

Dear Joe,

I wanted to reach out and express my thanks for the recent work Patriot Printworks has done for us.

The championship jackets that were created for the Mite team after winning the championship became the biggest trophy they received. Since receiving their jackets, they have worn them daily and they have been the envy of all the teams at the Flynn Rink. As playoff season approaches- every team is talking title because they want to get their hands on one of those jackets.

Not to be outdone, the jerseys you did for us reset the standard of what good looks like. The color scheme, design and craftsmanship are such that the folks watching this team can't take their eyes off them. They created a unity among the kids as they are so good, the kids are a step quicker and can't wait to get on the ice. I have received comments from every parent, and the coaches on the opponents team regularly comment on them in the line after the game.

One of my assistant coaches commented to me, "those jerseys alone are good for a goal a game". The quality and attention to detail is just not found with vendors anymore. "Old School Quality" is how it was described by one of the parents. Another said that his three other kids are pouting because they can't have one. What makes the picture perfect is the price you gave us met a usually stubborn hockey parents budget.

We will be back for more. Thanks again for all you and the rest of Patriot Printworks do for us. We are anxious to get the next order ready.

Sincerely,

Kyle Blossom
